# Project Summary

Since 2019, Minneapolis has hovered around 10,500 violent crimes reported per year. Assault is the most significant contributor, accounting for 60%, followed by Robbery and sex offenses. Trending between years, Assaults were down slightly during 2021, and Human Trafficking was down by 50%, which authors attribute to COVID and working from home. With this data, we've identified that Downtown West, Whittier, Hawthorne, Elliot Park, and Near North are the top areas/neighborhoods in Minneapolis that have the highest crime rates.

Over the timespan analyzed - Aldridge Ave North averages 100 reported violent crimes annually. Minneapolis police department currently has 571 Police Officers and an average of 10,500+/- reported violent crimes per year—roughly a 20.3 violent crime-to-officer ratio.
